How did you learn about BDO Online Banking?

- Select Deposit Account
- Select with in the Philippines or Outside the Philippines if you are
- Enter you BDO ATM card number which can be found on your ATM card. Input also your account number.
- Create your username and password. Make sure you take of them. Make sure you also have a safe password which is a combination of letter and numbers (system is not accepting special characters at this time).
- Enter your mobile phone number. Now, this is very important because BDO online banking is using an OTP (One Time Password) feature before you can login to their online banking facility. This means that upon putting your username and password, BDO system will send the OTP to the mobile number enrolled here so better get sure you enter your active and correct mobile number.
- On the section, input or create your challenge question. This is also important because this challenge questions are being used when you need to reset your password.
- After you input all the correct information (double check please), just input the code below on the box and click Submit.

4. Take note of your ATM Activation Code in the acknowledgment page as you will use this to activate your Internet Banking account using your BDO ATM Debit Card.

5. Activate your account at any BDO ATM within 45 days* You can also enroll in Mobile and/or Phone Banking by putting a check mark in their respective boxes.
